Transmission Problems

Jeep 2010 Wrangler unlimited manual transmission pops out of first gear when engaging from stop. The issue is random and thus dealerships and chrysler repretatives will no help since they say ...We have a 6 month old, 2010, jeep wrangler, 2-door, manual transmission. Immediately after purchasing the vehicle, the clutch began popping out of first and second gear. Last monday, sept. 20th, we had a chrysler dealer look at the issue and the technician took apart the transmission and replaced a snychronizer.2010 Jeep Wrangler transmission problems with 28 complaints from Wrangler owners. The worst complaints are transmission failure, broken gear box, and pops out of first gear.The message boards are buzzing over manual transmission troubles in 2009 and 2010 Jeep Wranglers. The cars can pop out of gear and it can be quite brutal, leaving the driver feeling as if they have been rear ended. We have been getting quite a few calls on the 1800 LEMON LAW hotline from frustrated and distressed drivers. Being that this is an intermittent problem, many are being faced with ...
