

# Download American New English File 5 Answer Key

The English language was first introduced to the Americas by British colonization, beginning in the late 16th and early 17th centuries. The language also spread to numerous other parts of the world as a result of British trade and colonisation and the spread of the former British Empire, which, by 1921, included about 470–570 million people, about a quarter of the world's population.

Web-Based Survey now completed A group of linguists had been gathering data on North American English dialects using a web-based survey. They asked for our help, and some of you helped with this survey. This survey is now closed, with 3903 total responses in December 2012.

The American bison or simply bison (Bison bison), also commonly known as the American buffalo or simply buffalo, is a North American species of bison that once roamed North America in vast herds. Their historical range, by 9000 BCE, is described as the great bison belt, a tract of rich grassland that ran from Alaska to the Gulf of Mexico, east to the Atlantic Seaboard (nearly to the Atlantic ...
