About An Introduction to Service Design. A comprehensive introduction to designing services according to the needs of the customer or participants, this book addresses a new and emerging field of design and the disciplines that feed and result from it. Despite its intrinsic multidisciplinary nature, service design is a new specialization of design in its own right. A comprehensive introduction to designing services according to the needs of the customer or participants, this book addresses a new and emerging field of design and the disciplines that feed and result from it.
