Float Services; Modification Installation; FBO Services; Aircraft Sales. Used Aircraft Listings; ... Parts Manuals. That said, there are airplane/float combinations that are somewhat more water loving than others, and popping flaps can help a bit with those. Finally, with regard to 182 vs 180, bear in mind that Cessna did a really lousy job of internal corrosion proofing on non-float kit equipped airplanes, and none of the 182s had float kits, early or late. Edo Model 88-1650 Float Installation for Cessna 120 and 140, (1947 Design) & Model 89-2000 Float Installation for Piper PA-12, (1947 Design) ...
