Today, content analysis has become an efficient alternative to public opinion research -- a method of tracking markets, political leanings, and emerging ideas, a way to settle legal disputes, and an approach to explore individual human minds. Krippendorff condenses the methodological requirements and conceptual opportunities of content and text analysis into a practical guide, incorporating his experiences as researcher, teacher, and consultant to academic and commercial projects, and providing readers with a useful entry into the use of the research method. Content Analysis: An Introduction To Its Methodology. by Klaus H. Krippendorff / 2003 / English / PDF. of Content Analysis: Introduction to Its Methodology is a definitive sourcebook of the history and core principles of content analysis as well as an essential resource for present and future studies.
