Further, the line work is delicate and refined throughout. The use of screentones is closer to that of a shoujo series than a seinen, but still a bit more understated than many shoujo. I love me some good screentone use, and it's used well here. Any more would ruin the delicacy, any less would leave the work too bland. Excellent balance. Volume 1 of a two volume work on the "science of criticism" by one of the leading figures of the Scottish Enlightenment. Kames argues that criticism of art and literature is a rational science as well as a matter of taste. In volume 1 he explores the nature and causes of the emotions and passions. Those who engage in this work should have clear discernment and good powers of discrimination. 1MCP 78.1 True independence of mind is an element entirely different from rashness. That quality of independence which leads to a cautious, prayerful, deliberate opinion should not be easily yielded, not until the evidence is sufficiently strong to make it certain that we are wrong.
