Plot Summary

The Hitchhiker's Guide to the Galaxy Summary. Also on the spaceship is a very depressed robot named Marvin. When Zaphod and Marvin use the Improbability Drive, they end up picking up Ford and Arthur on their way to the mythical planet of Magrathea. One of the key tenants of the Hitchhiker's Guide is to always have your towel. Ford and Arthur return to his house to find that it has been destroyed. As he is yelling at the construction workers, the alien ships swoop down overhead and everyone runs away except for Arthur and Ford. Synopsis. The epic tale of The Hitchhiker's Guide to the Galaxy (2005) begins, rather unassumingly, on Earth as dolphins, heralded by our humble narrator, The Guide (Stephen Fry), as the second most intelligent creatures on the planet, decide to leave Earth before its impending destruction. Their attempts to warn humans of the danger are tragically misinterpreted as sophisticated tricks or amusing gimmicks for tidbits. Plot Summary. Arthur's friend Ford Prefect comes along and tells Arthur three important things: 1) He, Ford, is an alien from Beetlegeuse; 2) He, Ford, is a writer for the Hitchhiker's Guide to the Galaxy, and 3) The Earth is about to be destroyed. Ford helps Arthur to escape with him on a Vogon ship.
