

Download Honda Gcv Push Mower Repair Manual

The Honda self-propelled push lawn mower offers outstanding and dependable performance with a 3-in-1 system that allows you to mulch, bag and discharge without additional tools or attachments. Auto Choke™ system eliminates need to choke the engine prior to starting. EPA and CARB compliant. 3-year limited consumer warranty. I ask this because I own a mower with the GSV 160 and cannot find any information on it while searching the Internet. I was allowing a family member to borrow the mower last year, while their's broke. Now that I have it back I want to make sure everything is fine. It is the Hrc216pda, I bought it new in 2012. I use it mostly for the areas my rider can't maneuver. Personal Pace - Sounds complex, but it's not. Basically the more you push on the handlebars, the faster the mower goes, quite clever really. When I tried it I wasn't sure I'd like it, I thought pushing on the handle bars would compromise control, but I quickly warmed to it. FEATURES Troy-Bilt 160cc 3-in-1 Push Lawn Mower is powered by a premium 160cc Honda OHC engine; Features a 21" (53.3 cm) free flowing steel deck with an aerodynamic S-blade and pass-through axles with a 20" (50.8 cm) cutting path
