

# Download Hospital Care Investigator Study Guide

Advisers to the Nation on Science, Engineering, and Medicine. The National Academy of Sciences is a private, nonprofit, self-perpetuating society of distinguished scholars engaged in scientific and engineering research, dedicated to the furtherance of science and technology and to their use for the general welfare. Upon the authority of the charter granted to it by the Congress in 1863, the ...Each dot represents the mean rate for a calendar month weighted by the number of index hospitalizations in that month. The solid trend lines of the risk-adjusted rates are generated by linear splines from a linear regression model using generalized estimating equations and thus may not correspond exactly to the distribution of the points. Looking for a research study? Clinical research is behind nearly every advancement in modern medicine, from new vaccines to promising new surgical treatments. Primary Investigator. Juan Duchesne, MD, FACS, FCCP, FCCM Section Chief Trauma & Critical Care, Tulane University School of Medicine TICU Medical Director
