Microsoft BizTalk Server 2004 Unleashed is your tool to unleash the power of Microsoft's BizTalk Server 2004. Learn how to use the server as an enterprise application integration tool and how to exploit its key strengths to orchestrate e-commerce business processes in B2B and B2C environments. The Biztalk team should be ashamed, Biztalk 2004 is the worst documented Microsoft product I have seen in years. The product itself is stable and powerful - but the documentation is incredibly weak. This book provides a somewhat better approach to learning the basics than the product documentation - but that's really not much of a complement. Microsoft BizTalk Server 2004 Unleashed. Written by the BizTalk Product Manager and one of the pioneers of XML technology, this book enables readers to learn how to use Microsoft's BizTalk Server 2004 as an Enterprise Application Integration tool, especially for rapid deployment B2B and B2C e-commerce applications. Real world case studies are included. Microsoft BizTalk Server 2004 Unleashed is your tool to unleash the power of Microsoft's BizTalk Server 2004.
