

Download Microsoft Excel 2010 On Demand Perspection Inc

You can insert the date and time into your presentation. For example, you might want today's date to appear in a stock market quote. You can insert the date and time on every slide, notes page or handout, or only on a specific slide. To insert the date and time on every page, you place it in a ...Adding a Header and Footer. Headers and footers appear on every slide. You can choose to not have them appear on the title slide. They often include information such as the presentation title, slide number, date, and name of the presenter.
