

Download Paint Spray Booth Design Guide

News. Paint booth & spray booth systems for aerospace, industrial mfg & large equipment industries. As a leading paint spray booths manufacturer, we provide quality booths at the right price. Spray paint booths are carefully designed to minimize health, safety and environmental risks. However, paint is still a hazardous substance. As a solvent, it is subject to specific volatile organic compound (VOC) regulations. It's important to note that the strict environmental and fire control requirements that apply to spray paint booth design also apply during operation. Page 1 of 6 Paint Booth Design Review Checklist ACGIH Industrial Ventilation Manual, 27th /28th Edition UFC 3-410-04N, Industrial Ventilation, 25 October 2004 As an industry leader in paint application equipment 3M continues to innovate and change the way body shops apply paint and other coatings. Our 3M™ Accuspray™ Spray Gun System has helped eliminate the complexity of traditional spray guns – as well as the expense of cleaning and maintaining them – that used to be just part of the day in a typical paint shop.
