

Download Trade Yearbook 2000 Fao Yearbook Trade

The global trade map of several of the world's most important global commodities reveals interdependencies between sources of supply and demand and the important role of tropical regions in providing these materials. The Swedish International Development Cooperation Agency (Sida), the Food and Agriculture Organization of the United Nations (FAO) and the Economic Community of West African States (ECOWAS) have joined forces to protect West Africa's forests and help safeguard the livelihoods of millions of people who depend on them. more Selected production and trade data for 2013-2017 (statistical annex to Forest Products Annual Market Review 2017-2018); Complete data for 2010-2014 in PDF or XLS; Complete database, all years, all products - ENG (data for 1964-2017), updated August 2018 Country replies to questionnaire2 GLOBAL FOREST PRODUCTS / FACTS AND FIGURES 2016 In 2016, global industrial roundwood production amounted to 1874 million m³. This is an increase of 2.6 percent compared to 2015 (1 826 million m³) and 5.9 percent compared to the level
